MEMORANDUM

SUBJECT: Review of Draft Sampling and Quality Assurance Plan for the South Tacoma Channel Seep Site Inspection, Ecology & Environment Inc., July, 2010

FROM: Donald Matheny, Chemist *DM*
Environmental Services Unit, Office of Environmental Assessment

TO: Brandon Perkins, Site Assessment Manager
Office of Environmental Cleanup (ECL-112)

CC: Jennifer Crawford, Chemist - RSCC
Environmental Services Unit, Office of Environmental Assessment

I've completed a review of the above SQAP and overall approval is provided. The following comments are also provided for consideration. If you have any questions, please call me at (206) 553-2599.

In the event that a Phase II Site Inspection is planned, the RSCC needs to receive the addendum at a minimum of three weeks prior to sample collection.
